FIT TO FLY CHALLENGE

The rules are really simple:

- Sell 100 numbers for \$5 each (you can increase or decrease this amount if you wish)
- Write the players name on the number they have chosen.
- Once all the numbers are sold, you can use a number generator (an app or just google a good one) to select the winning number.
- The winning number drawn gets \$250 CASH, and you raise \$250 straight away for your fundraising! It's a lot of fun and people always have a couple of lucky numbers in mind.
